Template Read Me

ARTWORK

Artwork files are located in the **PSD** folder. They are layered Adobe Photoshop .psd files, one per screen. These can be changed using Photoshop, or other programs that can open .psds.

TEMPLATE CODE

Template code is located in the **Main** folder. It is an Xcode project, which can be imported into Xcode, and run. Xcode is available for free from Apple https://developer.apple.com/xcode/downloads/

DOCUMENTATION

Documentation for the template can be found in the **Documentation** folder. The classes and methods for the sample code template are described that document.

If you have any questions please contact the MyAppTemplates team at contact@myapptemplates.com
